                                        D    D
There's a place that I love to run and play
                                          D      D
There's a place that I sing new songs of praise

A                        Em              D      D
Dancin' with my Father God in fields of grace
A                        Em              D      D
Dancin' with my Father God in fields of grace

                                       D D
There's a place that I lose myself within
                                         D D
There's a place that I find myself again

A                        Em              D      D
Dancin' with my Father God in fields of grace
A                        Em              D      D
Dancin' with my Father God in fields of grace

                                          D D
There's a place where religion finally dies
                                           D D
There's a place that I lose my selfish pride

A                        Em              D      D
Dancin’ with my Father God in fields of grace
A                        Em              D      D
Dancin' with my Father God in fields of grace
A                        Em              D      D
Dancin' with my Father God in fields of grace
